

MoodleMoot UK & Ireland 2017 - London 10th - 12th April

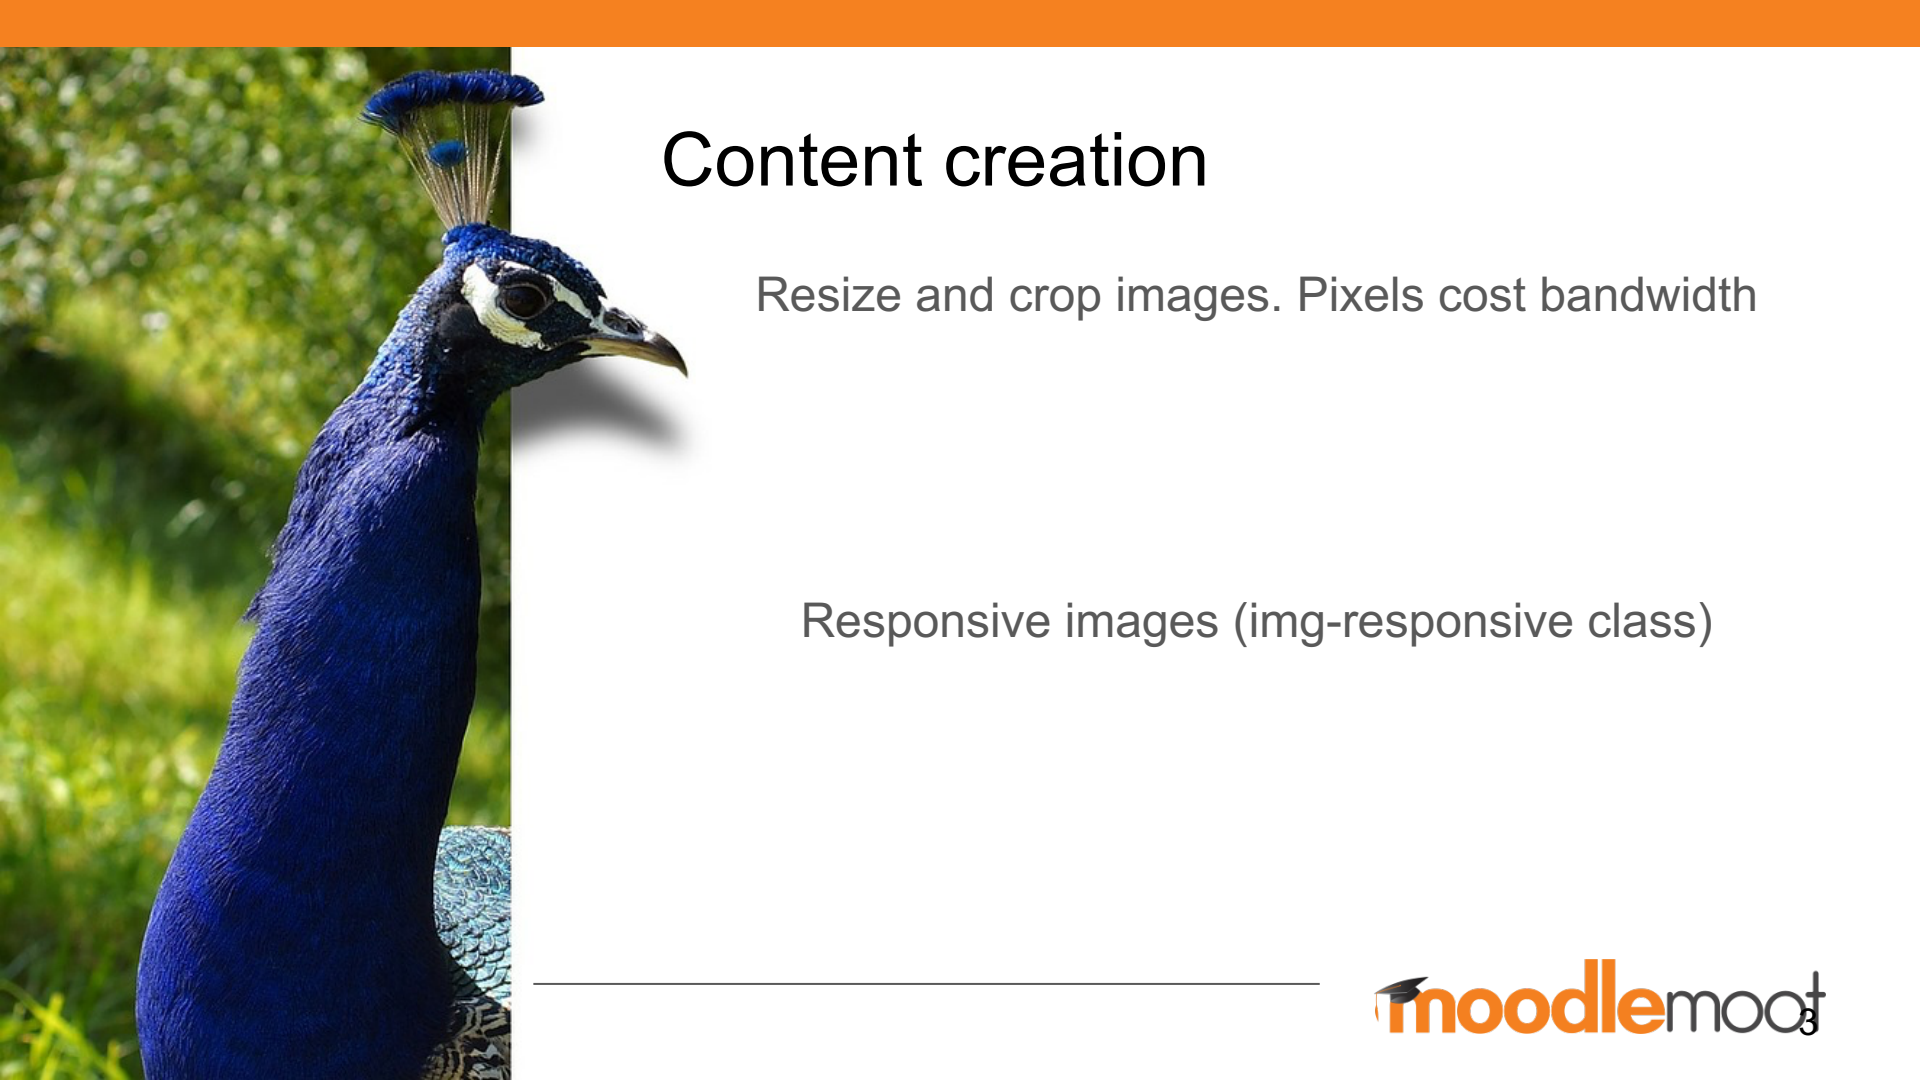

Seven Tips for Mobile course design

Presented by **Juan Leyva**
Moodle Mobile Team Leader

Content creation

Keep descriptions short and simple

Content creation

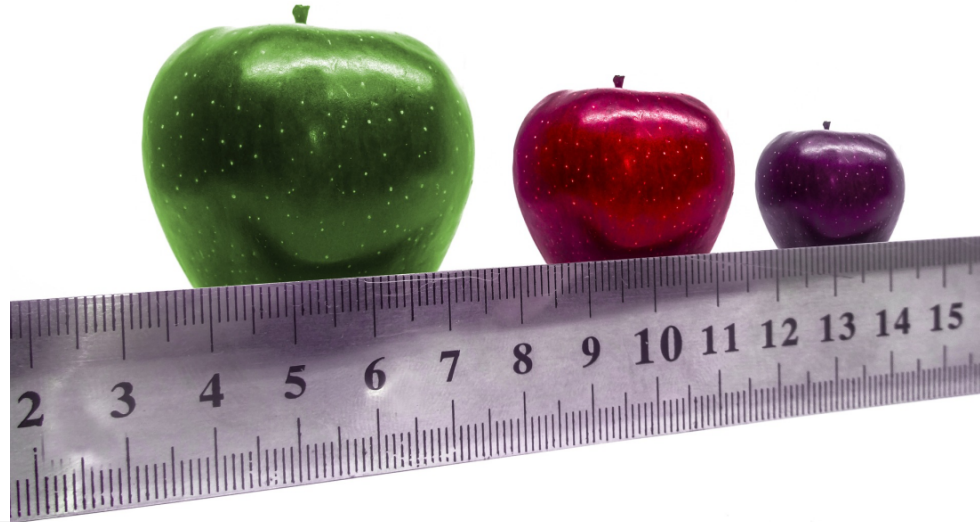

Resize and crop images. Pixels cost bandwidth

Responsive images (img-responsive class)

Content creation

Use the right media formats

Warn users about file type and size

Assessment on mobile

Choice is great for quick in-class polls (if you allow BYOD)

Assessment on mobile

Revision / formative quizzes are well suited to out-of-class testing on mobiles

Assessment on mobile

Mobiles are perfect for
evidence gathering and
submission

Communication

Integrate with social media to engage with mobile-savvy communities
